DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 22

January 2004 has been entered.

Allowable Subject Matter

2. Claims 1-13 and 15-16 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicant has amended independent claims 1 and 10 citing new claim limitation "a green beam aperture in the focus lens is eccentric with respect to the green aperture in the pre-focusing grid" to provide structural language, instead of functional language, to distinguish from the applied prior art.
4. Thus, regarding independent claims 1 and 10, the prior art of record neither shows or suggests a cathode ray tube comprising, in addition to other limitations of the claims, a cathode for generating a green electron beam offset from the longitudinal axis of the tube, wherein a green beam aperture in a focus lens is eccentric with respect to the green aperture in a pre-focusing grid.

Art Unit: 2879

5. The subject eccentric green beam aperture, as described earlier, is provided for creating a trajectory of the green electron beam with a kink adjacent the pre-focusing grid so as to pass through the focus lens, thereby stabilizing the white point of the display during the life of the device. Due to their dependency upon independent claims 1 and 10, claims 2-9, 11-13, and 15-16 are also allowable. The design is new and unique to the art.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
